

...JUST BE BEAUTIFUL

At The Nail Spa we know it's the little things in life that make you smile, and our focus on fab fingers and toes has become an obsession with all-over beauty that helps you say hello to smooth, shiny nails, gorgeously-groomed brows and dare-to-bare skin.

Our expanded menu now features favourites such as Nail Necessities, Body Bliss massages, and So Smooth waxing and threading, alongside brand new services including DDG in-chair 'Facials In A Flash', Let's Go Lashes and Minx temporary nail tattoos.

We coax out celebrity secrets to bring you A-list favourites such as Heaven by Deborah Mitchell and Dr. Dennis Gross Skincare, and we're dedicated to complimenting your well-deserved 'me' time. That's why our loyalty programme builds a lifelong relationship that rewards you with relaxing treatments, time-saving tips, and handy suggestions.

AWARD-WINNING

We've been recognised for our caring approach numerous times. Our awards – including VIVA Magazine's 'Best Nail Bar' for three consecutive years – prove what we've always known: that beauty and brains are a winning combination.

COMPANY OVERVIEW

Our story began in 2002 when our first spa launched in Dubai's Mercato Mall with just 10 therapists. Our carefully crafted services resulted in a loyal following of quintessentially beautiful ladies, just like you – and today we have more than 300 dedicated beauty specialists who deliver our gorgeous brand of beauty in nine spas across Dubai and Abu Dhabi.

Our brand mission

We're on a mission to promote beauty through happiness. We want to evoke natural beauty, speak to you at an emotional level, and to be known and respected as experts and trend setters. We're determined to do what's right for our planet, our community, our people, and of course, you.

Our new look

We've taken a little time out to give our spa brand a makeover. Refreshed and reinvigorated, we're now presenting you our new look. Our new logo is a fresh visual representation of our brand and is aligned with the values we hold close to our heart. It holds on to elements of our heritage with its use of our classic, rich purple – but as a spa brand that is now so much more than just nails, it's moving towards TNS, a name that represents the future of The Nail Spa and better reflects the services we offer you.

We also have a new strapline ...just be beautiful – that represents the fact that there is no substitute for being confident in your own skin. We ardently believe that that the beauty which truly defines us is in our spirit: our personalities; our attitudes; our state of just 'being'.

Our favourites

We've expanded our menu and service offerings to include a wide variety of new and improved treatments, just for you. These feature exclusive in-chair facials from 'skin-doctor-to-the-stars' Dr. Dennis Gross, our brand new Let's Go Lashes service, and a series of invigorating hand and feet treatments that we know you'll love, including our new 'Go Mango Mandarin' treatment and our improved 'Minty Chocolate Sole Scrub'.
